**FILED**  
 NOV 26 2003  
*Jammy Dait*  
 CLERK OF THE  
 HAMILTON SUPERIOR COURT

**DECLARATORY JUDGMENT FOR THE COUNTY OF MARION**

On July 25, 2002, this Court, having conducted a hearing and being duly advised, granted final approval to the Settlement Agreement in this matter and entered its Order to this effect. In accordance with the Settlement Agreement, the Court issues this Declaratory Judgment as part of the implementation of that Agreement and Order.

It is hereby ORDERED, ADJUDGED AND DECREED that:

1. With respect to claims of title asserted by CSX Transportation, Inc., its predecessors, successors, parent companies, subsidiaries, affiliates and assigns ("CSX"), and claims of title asserted by Members of the Settlement Class, their predecessors, successors, and assigns, in the abandoned railroad corridor formerly

operated by CSX located in this county (the "Settlement Corridor"), this Court declares that superiority of title to designated portions of the Settlement Corridor is as indicated in Exhibit A attached to this Declaratory Judgment as set forth below.

2. Exhibit A identifies the adjoining landowners as recorded in the Marion County property tax records as of March and April, 2002, who are members of the Settlement Class, the tax record address for each such adjoining landowner properties, the tax parcel and map numbers of properties, and the nature of title held by CSX to that portion of the Settlement Corridor adjacent to each such property.

3. Where property owner information was not available in the County tax records, there is attached as Exhibit B portions of detailed Tax Maps for Marion County that identify the location of those adjoining parcels where the Class Member's information is listed as unknown.

4. Where the title held by CSX to that portion of the Settlement Corridor has been determined pursuant to the Settlement Agreement to be less than fee title, the designation of "Easement" appears in the column titled "Interest Status" in Exhibit A. With respect to these portions of the Settlement Corridor, the Court declares that the Settlement Class Member's title to the portion of the Settlement Corridor adjacent to their property is superior to any claims of title by CSX, subject to any prior adjudication of title in a Court of law in which the Class Member's title or the title of the Class Member's predecessor in interest was determined not to be superior to the title of CSX.

5. Where a Class Member's title has been determined to be superior, that title is subject to existing lawful telecommunication occupancies and all other lawfully existing occupancies pursuant to I.C. 32-23-11-11, formerly I.C. 32-5-12-11.

6. Where the title held by CSX to that portion of the Settlement Corridor has been determined pursuant to the Settlement Agreement to be fee title, the designation of "Fee" appears in the column titled "Interest Status" in Exhibit A. With respect to these portions of the Settlement Corridor, the Court declares that CSX's title to the designated portion of the Settlement Corridor is superior to any claim of title by the Settlement Class, subject to any prior adjudication of title in a Court of law in which CSX was determined not to hold superior title to a Class Member or the Class Member's predecessor in interest, and subject to any prior sale by CSX of its fee interest to Settlement Class Members or third parties.

7. Where title to the adjoining Settlement Corridor has been determined to be "split" between an Interest Status of "Easement" and an Interest Status of "Fee," a series of detailed maps are attached as Exhibit C which indicate the location of each interest status relative to the adjoining property.

8. As a general rule, a Class Member whose property adjoins a corridor parcel with an interest status of "Easement" holds superior title (as to CSX) to the centerline of the adjacent corridor, however there may be exceptions to this rule. Where the property owner across the corridor from such a Class Member is listed as adjacent to a "Fee" interest corridor, the boundary of CSX's fee interest is determined by the deed conveying the fee interest to CSX or its predecessor. Where

property owners across from each other on the same corridor position are both listed as adjacent to "Easement" interest corridor property, there may be instances where one landowner may assert a claim to more than one-half or to all of the corridor. In these circumstances, such claims and any resulting disputes that may arise between Class Members and either CSX or other parties, including other Class Members, must be resolved by the parties themselves apart from the class action.

9. The Court further declares that it is not within the scope of this Declaratory Judgment to resolve title disputes between individual persons which may occur as a result of conveyances of portions of the Settlement Corridor prior to the entry of this Judgment or otherwise, and that such disputes, to the extent any have arisen or may arise, must be resolved by the individual parties concerned.

Dated: 11/24/03
